

## EDITORIAL

### Article Collection for the Papers of the 2<sup>nd</sup> International Congress on the History of Medicine in Iran and Islam

The 2<sup>nd</sup> International Congress on the History of Medicine in Iran and Islam was successfully held in Tehran, November 26-29, 2019. More than 130 papers (oral and poster) were presented during this 4 days event. The editorial team of the journal of Research on History of Medicine decided to consider the full text of these presentations by fast track review process to be published in the journal. All the participants and presenters could send their full texts via email to Editor in chief (zargarana@sums.ac.ir) or submit to the journal's website. They should mentioned to their presentations in the congress in the cover letter of their submissions.

In this issue, 4th papers presented in the congress are published after peer review process including:

The Study of the Works and Life of the Ibn al Jazzar in Islamic Medical History<sup>1</sup>

Azerbaijani physicians in the Ottoman Empire in the 15-16th Centuries<sup>2</sup>

Missionary Activities of Carmelites under Coverage of Medical Services in Safavid Period<sup>3</sup>

Gabigaj: A Persian Herb for Protecting Manuscripts against

Arman Zargaran<sup>1</sup> 

1- PharmD, PhD, Department of History of Medicine, School of Persian Medicine, Tehran University of Medical Sciences, Tehran, Iran
